Professional Experience and Curriculum Vitae
Hi, my name is M·Gabriela Patiño, I'm 20 years old and I'm currently studying literature.

I've always enjoyed to draw, I consider this my true passion but unfortunately I haven't had the chance to study illustration or graphic design as a proper career. I'm looking foward to complete my studies in literature and find a place in which I can learn the basics and build my way up to improve each day.

In the future I'd like to specialize myself in animation and/or comics.
