Professional Experience and Curriculum Vitae

International, award-winning illustrator with many years professional experience working extensively in the editorial, publishing, design and advertising sectors.

The core of my illustration practice is both cerebral and humorous. My visual language has evolved using traditional drawing techniques and materials to create unique, quirky and often edgy imagery, which takes a fresh and honest look at the weird and freakish world in which we live.

I am also a Senior Lecturer, heading the level 5 illustration pathway on the BA Graphic Design & Illustration course at the University of Hertfordshire.

Previous Clientele

BBC Worldwide Publishing, British Telecom, Chicken Shed Theatre Company, Danone, Evening Standard, The Guardian, Hamlet, The Independent, Inland Revenue, MTV, One 2 One, Oxford University Press, Sainsbury's, Science Museum, The Telegraph, Time Out, The Times.
