Professional Experience and Curriculum Vitae

My work covers a wide range of design fields. This knowledge has enabled me to carry my own concepts through to a client satisfactory conclusion, be it artwork for print or a website design taken through to construction. With a keen interest in developing new techniques/ media, I am generally considered to be an essential freelancer, working either within a team off-site or as an individual.

Previous Clientele

Amanda Design is involved in all forms of creative design including web design and build, PowerPoint design and e-mail templates. Since establishing my company ten years ago clients have included The Institution of Civil Engineering, NEC, Trinity Mirror and Telefónica/O2.

Amanda Design is on the roster for all Thomas Telford companies as an approved supplier. Working on projects for the Cabinet Office via work with NEC. Also working on projects for ICE training, publications, recruit and events.

Awards and Accolades

After working within design and marketing agencies, including Saatchi and Saatchi, I now work on a freelance basis. This provides clients with creative and professional design for competitive rates. From some of the clients I've worked with, the benefits of this experience are clear.

I've worked with Tesco on various projects including promotional campaigns for their Organic range and Computers for Schools. With Pepsi and Walkers I worked on several campaigns to increase sales. This work includes literature and web design, for instance a web site to introduce the new digital pen from Black n' Red.

Awards and Accolades

Please kindly get in touch for more information.

HOW TO ACE INFLUENCER MARKETING IN 3 STEPS

Did you know that 92% of consumers trust word of mouth more than all other forms of advertising? This explains the rise and rise of influencer marketing, and why the majority of fashion and beauty marketers are increasing investments in this space. Yet, according to a research report by Fashion and Beauty Monitor, identifying the right influencer remains the biggest challenge. So, what does it take to find that perfect match for your brand? We break it down in 3 simple steps.

STEP 1 Who is an influencer?

Against popular belief, influencers are not just celebrities! Influencers include: authors, creators, bloggers, vloggers, instagrammers, journalists and models.

AUTHORITATIVE

CELEBRITY

JOURNALIST

FASHION BLOGGER

CREATIVE

BEAUTY VLOGGER

IDENTIFY

STEP 2 How do you engage the right influencer?

Health, economics, relevance and content. The more relevant the information, the easier it is to match the right influencer to your brand.

SOCIAL MEDIA REACH

COLLABORATION RATES

SITE STATS

PARENTAL STATUS

GIFTING POLICY

ENDORSEMENT HISTORY

SPECIAL INTERESTS

GENDER/AGE

ENGAGE

STEP 3 How do I reach out to influencers?

So you've found the dream influencer, now what? Find out how they prefer to be contacted and pitched so you can connect with them instantly, and successfully.

RESIDENCE

SOCIAL MEDIA PROFILES

EMAIL

PHONE

PUBLICIST/PR TEAM

CONNECT

Essential Checklist

Reach: If your influencer has a strong network of followers, your message will reach a larger audience, faster.

Influencers are not all celebrities! Big or small, influencers come in different sizes and appeal to different audiences. Discover what appeals to your audience.

Content is King: Reach is important but content is king. There is no use spending the big bucks on a famous personality if the audience they are pushing your message out to is not relevant to your brand.

Trust: Do consumers trust the influencer? Endorsement history and reviews around the influencer is a measure of their success.

Continuity: It is important to work with an influencer that will add value to your brand over time. Choosing an influencer that is aligned with your brand values and business objectives will keep long term results.

STEP INTO AESTHETIC MEDICINE
Your new career

Welcome to Medical Aesthetics Academy

WHO WE TRAIN

Our specialised courses are aimed at nurses, doctors and dentists interested in starting their career in aesthetic medicine, improve their existing skills with the most advanced techniques, or simply expand their knowledge.

WE ARE EXPERTS IN AESTHETIC MEDICINE

We have used our experience of more than 15 years in the non-surgical aesthetic medicine industry as a base to develop specific training workshops.

ESSENTIALLY BRITISH... IN BARCELONA

With training headquarters in the heart of Barcelona, all courses are fully taught in English language. Our trainers are exclusively GMC registered aesthetic doctors that work between the UK and Europe. Medical Aesthetics Academy's training program follows the guidelines established by the HEE & GMC on Aesthetic Medicine. Our courses offer you high quality training and certification recognised by the UK's major aesthetic medicine insurers.

INDEPENDENCE AND OBJECTIVITY

Our theoretical and practical knowledge of treatment techniques and products is exhaustive and totally impartial. We have no commercial interests with any provider, so we will help you to decide which are the products and medications that best suit your needs.

KNOWLEDGE + PRACTICE

The courses consist of a theoretical part, followed by practice sessions. You will have the opportunity to observe real demonstrations of treatment in model patients, before being able to practice the techniques personally, under expert supervision.

CONTINUOUS SUPPORT

Our unique mentoring service will provide you with the appropriate level of guidance to help you develop your skills and confidence, with a comprehensive support service when you are planning treatments, having doubts about case of patients treated or general questions about techniques and the acquired knowledge.

LIMITED PLACES

Our training sessions are carried out in limited groups, in accordance with our personalised approach.

TEACHING TEAM

Our highly experienced trainers are successful professionals in their field internationally, ensuring that the courses include first class professional guidance.

CERTIFICATION

At the end of the training session, you will receive a detailed attendance certificate, issued by Medical Aesthetics Academy, which is recognised by the leading aesthetic insurance companies.

ESTABLISHED METHOD

Techniques established internationally with rigorous scientific standards, taught by experts in aesthetic medicine.

PERSONALISED PRACTICAL TEACHING

Limited groups in theoretical practical classes, where you can acquire experience, skills and confidence in aesthetic medicine.

COMPREHENSIVE SUPPORT

Tutoring and advice from experts in aesthetic medicine throughout your career, for as long as you need it.

WE NEED MODELS

Enjoy the best non-surgical treatments at unbeatable prices, while helping to train new specialists in aesthetic medicine.

INTERIOR SERVICES

We appreciate that our clients are diverse and have different needs and requirements. This is why we have different options in place to help suit all of our clients.

Interior Planting Purchase and Maintenance Options

Rental and Maintenance:

If you want to rent plants and/or containers from us, this is an option which can be arranged with us and we will put an agreement in place for the duration which suits you. We can also set up an agreement which sees us taking care of the maintenance of your plants.

Outright Purchase and Additional Maintenance:

Alternatively, if purchasing the plants/containers is a better option for you but you still require maintenance, we can organise for the sale and put a contract in place for the maintenance of your plants.

Maintenance only:

Some of you may already have your own plants, however you may require maintenance services. Our team of technicians would be happy to look after your plants and we will agree a maintenance contract with you.

SITE SURVEY AND DETAILS

STEP 1:

We'll come to your office, conduct a site survey and design a scheme appropriate to the space and your brief. There are multiple considerations to take into account, for example: the size of the office, the lighting provision, the type of plants which are most suitable, which containers will be most efficient in terms of functionality and aesthetics etc. and of course, what you want to achieve. We'll present the design and take you through the options.

AGREEMENT AND MAINTENANCE SCHEDULE

STEP 2:

Once you are happy with our designs we will pencil in for your install date and set up a maintenance schedule which suits you best.

MAINTAINING YOUR PLANTS

STEP 3:

Our technicians will visit your offices in accordance with your maintenance schedule to take care of your plants to ensure they are looking their best. Your maintenance schedule will include watering, cleaning, pruning and all other maintenance tasks to keep your display looking fresh and healthy.

CARAVELLE

KITCHEN • TABERNA • CRAFT BEER • COFFEE

BRUNCH LUNCH DINNER COFFEE BEER FIND US ZINE

BRUNCH

Brunch in Barcelona is a big deal, and at Caravelle it's an everyday affair. Choose from home roasted mustard with passion fruit yogurt, fresh berries & toasted almonds, Moroccan style baked eggs or corn fritters with poached eggs, avocado & fresh rocket pesto, or try the coconut French Toast with fresh strawberries & ice cream.

LUNCH

Everything from the brischoe burger buns, to the hot sauces is hand-made in Caravelle's kitchen. Even our modest but not too small.

Feast on the Cuban Sandwich with slow-cooked pork belly, ham, cheese, mustard & homemade pickles. Try the roast pumpkin salad with feta, pickled onion, serrano & walnuts. Or the steak tartare with bone marrow, figs, goat & green tomato pico de gallo.

DINNER

All our ingredients are market-sourced, freshly cooked and always seasonal.

Our Tacos are played with home-made pickles, crispy fried fish, smoked carrots, tender beef, rotisserie chicken, stuffed mushrooms and lots more. The Caravelle Double Cheeseburger packs a double patty, bacon, jam, buns, trinity cheddar & home-made pickles. Try it with a blend of Caravelle hot sauce.

COFFEE

Our La Marzocco Linea semi-automatic coffee machine gives us the perfect extraction every time. We use beans that are sourced sustainably and traded fairly from Barcelona-based roasters local, and occasionally other specialty roasters in Spain & Europe. Our milk is delivered directly to our door from a local farm in Cavallà Del Vallès, 30km north of Barcelona. Single origin filter coffee, our own Cold Brew and a wide range of organic teas are also on the menu. Our passionate baristas are always happy to help and take coffee with you!

BEER

All our beer is brewed on site in Caravelle's home brewery. We produce a core range of craft beers including Galactic Pale Ale and multi-hop Imperial Australian hops varieties Galaxy and Ella. It goes down easily and complements our tacos and hot sauces perfectly.

Mixage is a New World Pilsner using Antipodean hops like Secret, Riviera, Pacific Jade and Pacifica. It's a crisp and clean lager with spicy citrus flavors.

Our first IPA is Midnight Run. A liberal dose of English, Wai-iti, Kohatu and Hallertau Blanc hops gives an aroma of wild strawberry, gooseberry and pineapple. For an IPA we keep the bitterness smooth, making it an easy drinking favorite.

New for spring/summer comes Peachy Klean, our Golden Ale. It's a refreshing stone fruit orchard of a beer, featuring Ella, Summer and Alasca hops.
