GEORGE BENSON

NEA Jazz Master & Guitar Legend

Biography

At various points along the four-decade continuum of George Benson's career, he has been heralded as a jazz guitarist of unparalleled chops, a vocalist with great emotional range and sophistication or a combination of both. However, he regards himself as an entertainer in the broadest sense of the word – a singer of songs, a spinner of tales. That's the essence, *Songs and Stories*.

"It's a very simple equation," the National Endowment of the Arts Jazz Master says of the longevity of his career and the ten Grammy Awards that have punctuated it along the way. "In the end, it's about the songs and the stories."

NEW YORK FASHION WEEK

MAYBELLINE

NEW YORK

SPONSORSHIP

The goal of the program was to create awareness of and buzz about Maybelline New York's Fashion Week Sponsorship. The target was fashion-conscious women in New York City. One of the primary ways of achieving this goal was to include imagery of women using key Maybelline products.

"OWN" THE GOV IN LINCOLN CENTER AREA.

From a tactical perspective Maybelline did not simply want to have a dominant Out-of-Home presence near Lincoln Center, but also portray iconic Maybelline New York images in other areas of Manhattan where Fashion Week events were happening. (Times Square, etc.)

The Out-of-Home media ranged from wrapped double-decker buses to street furniture to buildings to subway station domination. The personification and power of the imagery successfully transferred fashion aesthetics into making users that became Brand Evangelists by tweeting, on-tweeting, uploading and blogging.

"DRESS" FOR SUCCESS?

The overwhelming presence of the Out-of-Home signage successfully helped generate a brand awareness spike from 22% to 29% according to Nielsen BusinessMedia. Maybelline New York Fashion Week ads were popular and influenced positive sentiment. Circulation of the ads was frequent, as participants shared them on their blogs, tweets and through Twitter.
