Professional Experience and Curriculum Vitae

Brook Eleven is the illustration name of UK based artist Adam Davison, who specialises in creating lifelike watercolour art with digital mixed in.

Since starting Brook Eleven, I have had the opportunity to have my art chosen by Director George Miller to promote the Mad Max Fury Road film at London MCM Comic Con, that was awesome!

My experience has come from passion, hard work, sweat, making mistakes and going out and earning it.

I have worked as a sign maker, reprographics assistant and as lead designer for a digital agency and have worked on commercial projects for The Prince's Trust, The NSPCC, British Airways, Coca Cola, Magners and Xbox.

After years providing Graphic Design services including some Web Design, I knew my true passion was painting and illustration (which I did on the evening), so Brook Eleven was born.

Brook Eleven is the platform I use to create and showcase my work. I aim to bring my personality into my art, so sometimes my creations can be a bit random!
