Professional Experience and Curriculum Vitae

I am an artist working out of Vermont, USA. I specialize in Colored Pencil, but my pieces resemble paintings more than drawings due to the number of layers I use.

I started drawing in 2010 after being diagnosed with a chronic illness, of which I still suffer. I had to medically withdraw from college and could not be employed, and therefore turned to art. Now I spend my 'good' time drawing.

Previous Clientele

Please kindly get in touch for more information.

Awards and Accolades

Please kindly get in touch for more information.

Awards and Accolades

My art will appear in "Art Takes Times Square" coffee table book, by See.Me (formerly Artists Wanted).
