Professional Experience and Curriculum Vitae

Hello, I'm a 27 year old graphic designer based in Canada. I'm originally from El Salvador, but after a civil war, my parents migrated to Vancouver, BC, where I was raised. My biggest discovery to date is probably the pencil and a blank canvas, it gave me the abilities to express myself through art, and design. It is why I pursued a career in Graphic Design and graduated from Kwantlen University in 2004 with certificate in Inter-disciplinary Design and in 2008 I received my Bachelors Degree in Graphic Design for Marketing. Currently I'm an independent graphic design professional, doing freelance work for both local, and non-local clients. I'm always looking for new opportunities with new clients, artists, studios, and other creative minded people. If you would like to work or collaborate on a new project just send me an e-mail at david@arias.ca

Previous Clientele

Hunni's Urban Boutique
