Professional Experience and Curriculum Vitae

Founder and CEO of Al Filo de la Imagen (Edge Imaging), three years studied Communication Sciences at the Universidad Iberoamericana, then is routed to the best commercial photography school in the southern hemisphere, Royal Melbourne Institute of Technology (RMIT) in Australia, where he graduated in December 2006 with a Bachelor of Arts (Photography) specializing in commercial photography, architectural photography and multimedia.

At RMIT known renowned photographers such as Marc Galer, considered the Ambassador of Photoshop and author of several books, who over three years he taught advanced non-destructive techniques, unique in its style.

David Herrera made his first photographic works from 2004 to several companies in Melbourne, Australia, which gave a clear vision to found his own company in 2005: Al Filo de la Imagen • Edge Imaging now located in Mexico to offer its services also in America.
