Professional Experience and Curriculum Vitae

Hi There!

I'm a freelance Illustrator based in the UK and i'm totally obsessed with all things art, illustration, design and drawing. I'm also a hoarder of objects, newspapers, books and just about anything that inspires me or makes my mind wander to that special imaginary place.

My passion is illustrating narrative and i'm often drawn to darker subject matter or themes of the bizarre and supernatural. I work in mixed media and photoshop but mostly I love to draw.

I'm currently available for commissions. If you'd like to get in touch please e-mail me at em_carpendale@hotmail.co.uk
