Professional Experience and Curriculum Vitae

I am a brand identity consultant and illustrator with over 15 years of experience and a proven track record of high quality graphic design, logo development, and illustration work for my clients.

The clients I work with range from startups to established businesses in numerous industries. My strengths in design are in the areas of corporate identity and print design for collateral materials with a high degree of expertise in logo development.

I also do vector cartoon illustration and character development for board games, computer games/apps, apparel, medical illustration.

Previous Clientele

Some of the clients I have done work for include Mayday Games, TripAdvisor, Penn State Milton Hershey Medical Center, and Barnes & Noble.
