## **Professional Experience and Curriculum Vitae**

My works, which have a surrealist touch, are mostly inspired by nature, depicting landscapes where different seasons, night and day, north and south, mountains and the sea, man and animals meet. My main concern is to show the beauty of nature in all its forms and man contemplating it and at the same time becoming part of it. The presence of the star-studded night sky is a trademark of my art.

To check availability and prices of my paintings, please access my page:
