Professional Experience and Curriculum Vitae

I was born in Pompei (Na) 18/4/86, I live between Milan and Naples.

I attended a course with Pako Massimo (Designer underground) at the "Scuola Italiana di Comix" in Naples in 2002/03. When I moved to Milan, I attended classes at the "Scuola Politecnica di Design", concluding with a Masters degree in visual design. I worked at the studio of fashion graphics Santamo (MI) between 2006 and 2008. Then I went back to the illustration and I have attended courses at the "School of Comics" (MI) and the "MI-Master" in 2009. Right now I have different kinds of collaborations in many different areas, which is why I think in every job the main thing is the message, the form can look sometimes wrong, but often only through a particular type of form you can give the exact message.
