Professional Experience and Curriculum Vitae

International Fashion Designer, Sustainability Consultant and Creative Director with progressive and diversified experience with multi-billion dollar fashion retailers: product development, sourcing and manufacturing. Discovering and understanding local mills in India and Asia allowed me to create innovative, contemporary designs while being commercially viable. Attention to growing the business by constant research and development, trend analysis, fashion forecasting and monitoring sales gave my clients a competitive edge. Expertise to develop first patterns, prototypes and construct collections ensured samples were delivered in a timely fashion. Exceptional fashion vision, color trends analysis, create prints, beading & embroidery motifs are all "SUPER" powers in my suitcase!

Specialties

"Hands ON "Can DO ability to tackle the challenging market place of today has brought me "All over the WORLD!"

As a product manager and design director for numerous companies. I developed strategies to deliver competitive products for childrenswear, womenswear and menswear companies.

Previous Clientele
