Professional Experience and Curriculum Vitae

Joyce Wynes is a professional illustrator and fine artist currently living and working in Davidson, NC

She is known for her highly evolved style – combining bold, colorful, flat, stylized, sometimes textured, vibrant compositions with her own unique perspective. Distilling the subject of each painting into its simplest elements, she then [re]forms the images to provoke an emotional and creative response for both herself and the viewers.

Her conceptual illustrations have been used by publishers, magazines, newspapers and advertising agencies both in the US and internationally. She can be reached by email at joyce@joycewynesillustrations.com
