Professional Experience and Curriculum Vitae

I'm a simple man. I live on the plains in Kansas. I tend the garden in the summer sun and drink sun tea in the shade when I get too hot. I watch movies with my wife and sports without her because she says I watch too many. We walk our dachshund around the town loop that borders open country on all sides. I love the open country.

I draw pictures to please myself and am elated when others find joy in them as well.<http://johnholcomb.com/about/>
