Professional Experience and Curriculum Vitae

Creativity, I believe, is really about problem solving. For the past 15 years, I've specialized in solving marketing problems with great ideas, designs and executions. As an Art Director/Creative Director I've gained a wealth of experience both in large multinational agencies and small local boutiques creating solutions for brands such as EastLink, Bell Aliant, Nissan Canada, General Motors Canada, Nova Scotia Community College, Atlantic Lottery Corporation, O'Regan's Automotive, McDonalds Canada, Nova Scotia Tourism and Nova Scotia Come to Life.
