Professional Experience and Curriculum Vitae

Any photographer who says he's not a voyeur is either stupid or a liar.

- Helmut Newton

Joseph Chen's childhood in Asia endowed him with a sense of resilience and an explosive work ethic. He devoted himself to learning more about fashion, even living above the modest clothing factory his uncle owned. His meticulous eye for making women and clothes look effortlessly beautiful lead him to Madrid, where he pursued his Masters degree in Photography at the prestigious

I Escuela de Fotografia y Centro de Imagen. After enjoying the success of his portraiture and fashion exhibits at Circulo de Bellas Artes , Photo Espana, and the International Festival of Photography and Visual Arts of Madrid, Joseph's talents brought him to the U.S, where he has established himself as a dependable and captivating fashion photographer.

Joseph is motivated by a woman's natural beauty, and raw femininity. His striking images depicting elegant sexiness have defined him as a compelling and provocative artist. He lives and works in New York City.
