Professional Experience and Curriculum Vitae

I am a photographer, film maker and art director but definitely not in that order. I live to create. I am available for commission work, for travel work and for consulting. I am based in Southern California and yes that is as great as it sounds. I am an action sports, lifestyle and fashion photographer with a strong portrait artist background. Digital media creation and manipulation is my life.

Red Bull North America, Vogue, Neiman Marcus, Association of Volleyball Professionals, Orloff Jewelers, Two Roads Media, Team USA, USA Volleyball
