## Professional Experience and Curriculum Vitae

Joshua loves archives and history. He is most passionate capturing memories by utilising videography and photography and has managed to consolidate a substantial archive library of resources for Eusoff Hall going back to 2001. He is now employed by Eusoff Hall as IT Officer. Among other IT responsibilities, the Eusoff Archives, the Heritage Corner, EusoffWorks, AudioWorks, Eusoff Publication are under his care.

Officially, Joshua (joshuatj) has a Bachelor of Engineering (Engineering Science) specializing in Optics & Photonics. However, he now proclaims that he is an aspiring Digital Media Archivist. What begun as a hobby became his passion and brought him to many interesting places, including a fully sponsored Internship with NUS Hollywood Lab in REMAP University of California, Los Angeles. He always attribute EusoffWorks as the main reason for reinforcing his current passion.

## Previous Clientele

Ministry of Education, Singapore  
PACE O.D. Consulting Pte. Ltd.  
IFES East Asian Regional Conference 2011
