Professional Experience and Curriculum Vitae

I have over 11 years of experience across various business entities including publicly traded, ad agency, for-profit and non-profit. My years as a creative director, web consultant, web and mobile applications design architect have given me a unique and well rounded view of present day communication technology trends and solutions. With this skill set I am able to confidently and efficiently lead teams of developers and designers together working toward a common goal that has the end-user in focus.??

With this experience also comes an ability to think of new ways to solve ordinary problems using all communication mediums that exist today, while maintaining a keen focus on simplicity, design and usability.

I am a conceptual and visionary thinker who enjoys thinking outside of the box. I am motivated and possess a strong work ethic. I enjoy leading projects and multi-faceted teams from the concept phase to the final launch of a project that meets and exceeds expectations.

Founder and CEO – Renner Web Consulting & 32 Leap Mobile Apps, Louisville KY
2001 – Current

• Overview:

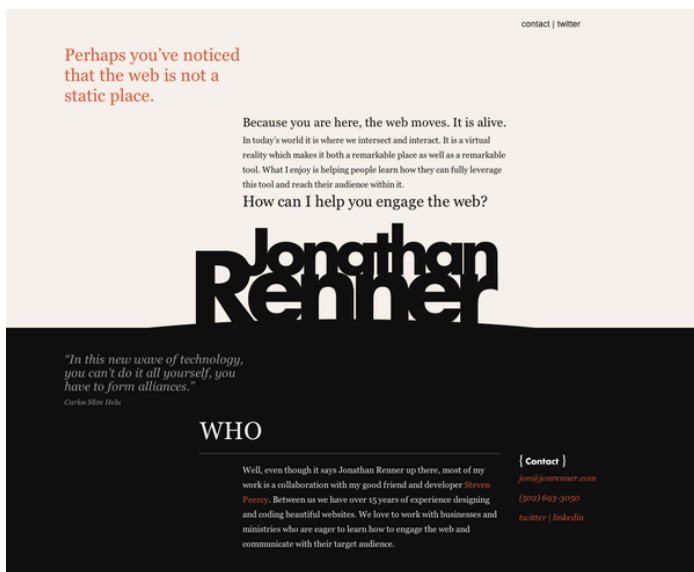

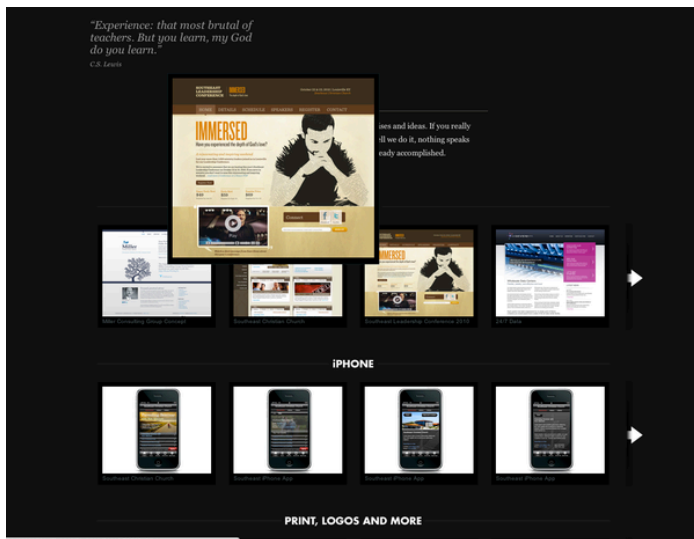

For several years I have been consulting, creating and developing nationally recognized websites and other visual communication solutions for small, medium and low level clients.

In the past year the focus has shifted more toward mobile app communication and technology. Running my own business even in the midst of working for others has proved to be a positive experience both personally and professionally. The outside

**WE FOCUS ON INFRASTRUCTURE
YOU FOCUS ON BUSINESS**

Wholesale Data Centers

Flexible, reliable, cost-effective and local

Our latest mission critical facilities are some of the largest, most efficient data centers in the eastern half of the United States.

Its multi-tenant private condo design provides the latest methodology in cooling, electrical and building architectures that are necessary for our clients to compete in the competitive global economy.

24sevendata specializes in delivering state-of-the-art data centers in Tier I cities. Our goal is to deliver Class A Enterprise Data Centers on a

Wholesale level. Why travel or relocate your company's critical data to another market when we are willing to come to you?

This turn-key condo solution allows our client's to focus on their core business while we build and manage facilities that minimize outside threats.

We are willing to make these substantial capital investments into these highly technical physical assets so you can spend your limited, valuable resources on building your business.

Each system has been engineered for no single point of failure a feature you would expect from a state of the art data center facility.

DISCOVER OUR EXPERTISE

Our experience includes more than 175 data center projects with over 14 million square feet of mission critical space

SEE OUR FACILITIES

Take a look at our latest State-of-the-art High-Availability Prototype and discover how we build mission critical facilities

LET'S GET STARTED

Give us a call or fill out our contact form and let's talk about how we can build the right facility for your business

WELCOME

Claudia Sanders believed in gracious hospitality and gentleness in her restaurant. When Tommy and Cherry Settle rebuilt the new Diner House, their objective was to keep the great Kentucky legend of Claudia Sanders Diner House alive and well.

The present Diner House has been rebuilt on the same site, but it has been enlarged to 24,000 square feet and can sit up to 700 hungry guests at a time.

Guests arriving at Claudia Sanders enter an Italian porcelain tiled foyer with a grand antebellum styled staircase. To the right is the receptionist area and a gift shop.

Guests will enjoy their dining experience in one of four elegantly decorated dining rooms: The Thoroughbred Room, The Saddleford Room, The Kentucky Room, and The Colonel's Quarters.

DINER HOUSE GALLERY

Our Diner House provides you with a wide selection of rooms to make your event special.

RENEWAL

Behold, I make all things new.
Revelation 21:5 (KJV)

Jesus longs to renew us. Not only does He desire to renew each one of us, He also desires to renew our churches.

All of us are far from perfect and we are working everyday together to give God glory through our churches. You'll hear ministry leaders and staff members of Southeast Christian share the questions they are wrestling with as they allow God to renew themselves and their ministry...[read more](#)

OCTOBER 21 & 22, 2011 | LOUISVILLE KY

HOME DETAILS SCHEDULE WORKSHOPS SPEAKERS REGISTER

Friday, October 21

12:30 pm - 4:30 pm | Preconference [More Details](#)

Sometimes you need to go a little deeper, and sometimes you need to connect with people who are doing the same thing you are in ministry. That's what our preconference is all about. Spend some extra time focusing on one specific area of ministry, learning, getting resources, and going a little more in-depth. You'll be glad you did.

Uncommon Solutions For The Common Good

Services

Let us provide some "uncommon solutions for the common good."

The Miller Group was founded in 2010 by Dan Miller. Dan has 28 years of experience in media, marketing, public relations and non-profit management and fundraising. He is the former Vice President for Institutional Advancement for Georgetown College, Vice President and Executive Director of the WTIAS Crusade for Children and Program Director at WTIAS-TV.

He has raised millions of dollars for good causes and won numerous awards for community service.

Dan is joined by strategic partners in practice areas that are important to successful non-profit management.

CHILDREN'S MINISTRIES

Every Sunday children ages Birth - 5th Grade experience the life-changing love of God in OCKids. Our team of dedicated volunteers is passionate to partner with parents in helping their kids to KNOW God and His love for them, GROW in their faith, and SHOW God's love to others.

We offer identical programming for the following age groups:

Nursery (Sundays 9:00 a.m., 10:30 a.m., 12:00 p.m., 5:00 p.m.)
Babies from Birth - 24 months receive loving care by a team of trained, caring volunteers in a warm, safe environment. Babies 12 months and up experience the wonders of God's word in a simple, hands on way.

Preschool (Sundays 9:00 a.m., 10:30 a.m., 12:00 p.m., 5:00 p.m.)
Children ages 3-5 years love to discover the simple truths of God's word and make new friends through fun, interactive small groups, and a captivating large group worship and Bible experience.

Elementary (Sundays 9:00 a.m., 10:30 a.m., 12:00 p.m.)
Kindergarten through 5th graders join together each week for an incredible time of worship and small groups. Every moment of their morning is designed to reinforce our Big Idea for the month through high-energy songs, Scripture memorization, and interactive Bible teaching. After worship kids and leaders divide into community-building small groups for prayer and lesson application.
