Professional Experience and Curriculum Vitae

I've worked as a staff illustrator/designer at newspapers in California, Maine, and Pennsylvania back in the day, art director in another day, and partnered with my better half. My first editorial job was in second grade; the gripping tale, "The Autobiography of a Bean" (unfairly overlooked work). The Kellogg's Stick Up for Breakfast Contest was a cake walk after that.

Thanks for stopping by ... say hello.

Sunrise Ocean Bender

I also play records on the radio, and help make them. Sunrise Ocean Bender Records is an independent label based in Richmond, Virginia, specializing in limited edition vinyl releases as well as digital formats. From psych rock to psych pop, prog to space rock, electronic to the kosmische ... detours. Sunrise Ocean Bender is also a broadcast, setting sail Thursdays 9-11pm EST, on WRIR 97.3 to find something for your ears, and something for your head. You can hear the show live and for 2 weeks after the original air date via WRIR's player or enjoy the show at HQ.
