Professional Experience and Curriculum Vitae

Rod Stewart speaks the truth... every picture tells a story. First and foremost, I'm a storyteller. My photography is based on what story I want to tell. I press the shutter when I am moved by what I see. I choose this framing or that angle because it drives my point home. Everything in my frame is intended to be there. And whether you call that storytelling, visual alchemy, or the creative journey, it makes my heart beat faster.
