Professional Experience and Curriculum Vitae

I am a professional artist. All my paintings are oil on canvas, using only a palette knife, with heavy, thick application, bold strokes, painterly detail and rich colors. I am originally from New Zealand, where the beauty of nature is unsurpassed. Although I now live in the USA, the luminescent beauty of my homeland stays with me and I feel it in every stroke. I hope this is reflected in my work. I invite you to enjoy it as I do.
