Professional Experience and Curriculum Vitae

Not only do I have 5 years of technical and creative experience, I am young, stylistically up to date and eager to adapt to the needs of your company.

I am used to working in a high-paced and professional environment and as a result am able to work with short deadlines.

I have an excellent eye for detail, and take pride in providing my clients with a high-quality transferrable final product that we both are happy with.

Furthermore, I regard each project as a new challenge as a means to break personal and industrial boundaries. To me, each company's branding needs are puzzles, to which there is not just one solution but, rather, a plenitude. However, to me there is only one RIGHT solution, and that is the one that has the most accessibility and meets the needs of my clients most efficiently.

The logo for 'Feel Great' features the word 'Feel' in a dark grey sans-serif font and 'Great' in a light green sans-serif font. To the right of 'Feel' is a yellow circle containing a white silhouette of a person with arms raised, resembling a person inside a fruit or a happy figure. A small green leaf is positioned above the top of the circle.A smaller version of the 'Feel Great' logo, with 'Feel' in white and 'Great' in light green, set against a dark background. The yellow circle with the white figure and green leaf is also present.Another smaller version of the 'Feel Great' logo, identical to the one on the left, with 'Feel' in white and 'Great' in light green on a dark background.The logo for 'COMPANY NAME' features the word 'COMPANY' in a large, bold, black sans-serif font. Below it, the word 'NAME' is written in a smaller, bold, orange sans-serif font. Above the text is an orange silhouette of a person sitting in a chair, with their arms outstretched, as if they are flying or jumping.
