Professional Experience and Curriculum Vitae

I'm an illustrator, animator and graphic designer from Novi Sad, Serbia.

After finished high school for graphic design as technician of graphic design and propaganda, I applied at the Academy of Art in Novi Sad, at graphic communications department.

During my studying I had worked for few Serbian publishers doing mostly children illustration and utility design.

Today I have animated movie under my belt, illustrated books, designs of flash online games, storyboards and I have worked in almost every sphere of graphic design.

Currently, I am working as GUI developer for Android, iPhone, Blackberry, Symbian... based apps.
