## Professional Experience and Curriculum Vitae

My thirst for a variety of creative approaches and executions was quenched during university but left me hungry for more. Several years on and I'm still enjoying working in a variety of creative puddles. Corporate identity, branding, packaging, exhibition design, print design, web design, caricatures, animation, Flash work, iPhone / iPad apps, AR, games, interactives... I jump in to them all and I wouldn't have it any other way, you can see evidence of all this splashed across My Poor Brain, so take a look around.

## Previous Clientele
