Professional Experience and Curriculum Vitae

Conveniently located in downtown Edmonton, Cyclops Photo Studio offers professional photography services for all your needs, both commercial and family. We cover portraits, products, events, fashion, pets, and more. We can also shoot on-location in your workplace, event, or home with our mobile studio setup. We use only the finest optics and lighting for our camera systems.

We believe in flexible pricing to suit your direct needs. Not everyone needs a large, extensive photo package. Thus, we offer sessions both small and large. Makeup and hair services are available at the studio. Photography classes and workshops are also available.
