Professional Experience and Curriculum Vitae

My work is based on the influences that have endured throughout my life: skateboarding, graffiti, and animation. The Illustrations are inspired by people I see in Los Angeles on a daily basis. Rich and poor, nice guys and terrible people...everything becomes part of the story. I take the faces and break them down to line and color, recreating them as part of a narrative that's been running through my head since childhood.

Previous Clientele

Rick & Ray, Shelly Samia, Crewest Gallery, Just Called Shotgun, Ace Museum, Urb Magazine, Sacred Fools Theatre
