Professional Experience and Curriculum Vitae

I'm a highly imaginative senior graphic designer with over 20 year's experience in the advertising and marketing industry. I've been lucky enough to work for a number of high profile London agencies during my career including Team LGM, EuroRSCG Skybridge, Neon Marcomms and Red Letter Design. I have gained extensive experience in shopper marketing, particularly on FMCG accounts, and have a track record in designing for the property industry.

My ethos is to combine intelligent design, slick typographic skills and relevant imagery to create stunning solutions. I'm a seasoned professional and I know how important strong designs are when it comes to promoting brands, products or services. There isn't a brief out there that I can't master, plus I have a trusted team of experienced copywriters, web programmers and photographers to join me on projects if required.

Previous Clientele
