Professional Experience and Curriculum Vitae

OVO Creatives nurture businesses by implementing internet branding, internet marketing, web design and graphic design strategies to capture the minds and also the hearts of your target markets, making your business goals, hopes and desires come alive in a fresh way.

At OVO Creatives, we build movements - crusades that inspire, connect, and create new opportunities for your products and services. Headquartered in Singapore with a branch office in France, OVO Creatives is an established full-service branding and design agency owned and managed by designers. This gives us a competitive edge as it makes for clearer communication and better understanding when discussing your design project requirements. Working with for businesses seeking to launch, grow or reinvent themselves, we design the customer's experience with brands, providing the framework to tell their unique stories, attract customers and keep them coming back.

To date, OVO Creatives has won two web design awards, and the logo and print design works has been featured in the Asia-Pacific Design Yearbook IV by Sandu 360.
