## Professional Experience and Curriculum Vitae

I am a designer, writer and illustrator on the hunt for interesting projects. In particular, I'd like to take on more illustration projects, but I'm open to design as well. I'm easy to work with, have a keen eye and a unique sensibility. I've worked in a wide range of mediums for a wide range of clients.

Also, check out my store, Animalia: <http://www.animalia-store.com>

Thanks!
