Longway Print,
Cedar Rapids, IA

"I've been a press operator for 17 years and the SGS OnePlate is the best plate I've ever seen. There is no need to wash plates throughout the run. You can shut down, start back up and never have to wash plates. The registration is absolutely perfect! For a long impression, there is no over compensation on colors and plate lines have been diminished to a minimum. The SGS set up time is 1 to 2 hours on six color jobs."

"This is how I would like all of my plates from now on, especially for high end. It prints much cleaner and reduces bounce."
