Professional Experience and Curriculum Vitae

I am a Creative Photographer. Designer. Dreamer and seeker of beauty. I live with a heart that sparkles with passion and intent, and eyes that find inspiration in everything. Lover of the sun + free spirited. Surreal dreamscapes fill my mind and help bring a touch of whimsical magic to anything + everything I create. My outlook is colourful, open, thoughtful and honest. I capture memories and I create them too. I'm wild n' free + in love with the earth. A wandering bohemian soul, following her feet to reach for the stars!

Extensive experience in conceptualizing and crafting ideas across many platforms of print design: from Fashion + Art direction to Logo / Identities + Branding, Campaigns, Publishing, Editorial, Illustration, Packaging + Retail POS.

Photography: Fashion, Events, Weddings, Creative Concepts / Themed Shoots, Maternity, Family, Portraits, Creative Editing + Post Processing.

I have my own work station and am able to work onsite or remotely - Therefore providing creative support to various agencies, professionals and clients.

I love laughing, dancing + unicorns!
