Scene	Dialogue
	Opening. No Dialogue.
	Hello, my name is Mr. Smith. I am locally responsible for all sorts of activities including dealing with Contracts at Bayer Pharma and Consumer Health. Some of the contracts I handle are pharmacovigilance-relevant and some are not. Some of the PV-relevant contracts require Pharmacovigilance Provisions as an embedded text module, and some need an extra Pharmacovigilance Agreement.
	It's January in the local Bayer Pharmacovigilance Office and Mr. Smith is dealing with a new distribution agreement.
