Professional Experience and Curriculum Vitae

Hello, I'm Sophia, an Artist based in the NorthWest of Ireland. I specialise in what I call Psychedelic Botanicals, celebrating beauty in nature and the female form. My style is full of colour and charm inspired by Artists of 1960's counter-culture such as Alan Aldridge, Marijke Koger, Peter Max and Hapshash & the Coloured Coat.

I work through my creative brand Flowermoon Studio, creating original paintings and selling prints, cards & notebooks. If you feel my work is suitable for your next project please get in touch.
