Professional Experience and Curriculum Vitae

Assignment photography with a difference. Creativity, service and dependable. I am a Boston based documentary photographer and I work to create a vision that is honest and has the power to connect and engage the viewer on an emotional level. I approach all my projects with a unique point of view and a passionate commitment that ultimately differentiates my images and communicates directly with the viewer.

I enjoy collaborating on all types of editorial, corporate, healthcare and non profit projects anywhere in the world. Send an email or call to discuss any projects you might be considering. You can always see more of my images at <http://www.stevenedson.com>

Looking forward to talking with you.
