Professional Experience and Curriculum Vitae

Formerly Senior Creative Director at Landor Paris and other agencies, I have 20+ years experience before going solo. He's received awards from ADC, Etapes Graphiques, Print, How, and CA. Born in Madagascar. Lived/Worked all over, TBIB has settled in PDX. Love it here.

It's about doing it right. TBIB strives for excellence in visual AND non-visual communication by exploring a wide range of creative expression in order to create 'that' voice for each client, for each project. Posters. Labels. Annual Reports. Logos. The process is always the same. Get to know your objective. Create something kick-ass. And have an impact. Otherwise what's the point.

Currently, also working on a book of daily-sketches and his second photographic book and has exhibited in galleries in Chicago, NYC, Paris, and Portland.
