Professional Experience and Curriculum Vitae
Linda Crockett currently lives in Euclid, Ohio, a suburb of Cleveland, where she grew up and was greatly influenced by The Cleveland Museum of Art, early Rock and Roll, American Greeting Cards and fashion design. All of these interests inspired her creations for rock group costumes and Mod fashion in the late 1960's and her love of illustration and fine art. The desire to travel was also instilled through her interest in history, antiques, American Indian art, Impressionist painting and Dutch masters. Many visits to New York City, living in England and traveling to Paris, Scotland and Amsterdam greatly impacted her styles and techniques and provided the basis for much of her painting dynamics. Accurate historical details, atmospheric lighting and soft brush strokes are the result of these personal experiences along with a propensity to portray people and children in appealing situations.
