Professional Experience and Curriculum Vitae

My heart pumps a latin-european-cocktail. I was born in Peru, raised between the vibrant cities and jungles of Latin America. After studying and working in Germany for 7 years, life has brought me to the Middle East. I am constantly bouncing around the globe, working or looking for inspiration.

Traveling, Art, music, books, meeting new people and cultures are a constant source of inspiration.

I am made happy by going dancing all night in the hottest clubs, as much as by making my way through the jungle with a machete or relaxing by the bonfire at the beach.
