## THE RECIPE

### FAVA from Santorini, a great local dip recipe

1. 200gr fava from Santorini
2. 1 onion chopped
3. 1 bay leaf
4. 1 clove garlic
5. 1 tbsp. parsley finely chopped
6. 1 tsp. oregano finely chopped
7. 2 tbsp. olive oil plus one more for the capers
8. sea salt & freshly grounded pepper
9. 1 tablespoon wild capers from Santorini minced

In a stockpot we cover the split peas with water, add the onion, salt, pepper, garlic and the bay leaf and cook until all the water has evaporated. We throw away the bay leaf and mince the fava in a food processor together with the oil. Mix the capers and the herbs with some good Greek extra virgin olive oil in a small bowl. Pass the fava through a sieve if you desire an extra velvety taste. Serve the fava in a dipping bowl and top with the herbs mixture.
