Professional Experience and Curriculum Vitae

I'm a graphic designer and artist working in the San Francisco Bay Area. I created this series of paintings with inspiration from both the tradition of the painted nude and popular pornography. My work addresses the role that porn has in advancing technology and the subsequent impact on culture and ideology.

Previous Clientele

As a designer, I have produced work for Apple, Pixar, Microsoft, Mattel, Toshiba, Williams-Sonoma, Levi's and many more.

My artwork has been featured in FHM UK & Russia, San Francisco Magazine, Blackbook Magazine, and the SF Bay Guardian.
