## Professional Experience and Curriculum Vitae

I'm a photographer who focuses mostly on commercial product, interior, and industrial photography - but of course am always pushing to expand my horizons.

I've been lucky - very lucky to find myself working in amazing creative fields all of my life- surrounded by some of the most amazing professionals you'll ever meet. Everything I've done prior- ten years radio, television, and event production; seven years teaching; even a masters in trombone, - has led me to my current life as a photographer.

I live to collaborate, and to find inventive solutions for clients and colleagues. Drop me a line and let's do something amazing together!

## Previous Clientele

NVS Sound  
ShopNBC  
[www.foodservicewarehouse.com](http://www.foodservicewarehouse.com)  
[www.remotereplacers.com](http://www.remotereplacers.com)
