Professional Experience and Curriculum Vitae

I am an illustrator and graphic designer who is completing her BA in Fashion Illustration at London College of Fashion. I graduated from the European Academy of Arts in Warsaw with a BA in Graphic Design. My artwork has been published in various magazines and I recently completed a fashion internship in print design with London-based Mungo Gurney. In May I took part in Art in Mind exhibition in London's Brick Lane Gallery. I strive for innovation in my pieces by mixing traditional techniques with digital media to extend herself beyond her comfort zone—I do not like to limit her artistic expression. I am especially interested in Fashion and approach it in a unique, story telling way.

Follow me on my blog or FB page for regular updates!
