## Professional Experience and Curriculum Vitae

Established in 2004,

Büro North is a multi-disciplinary design practice delivering evidence-based solutions that are creative, measurable and meaningful.

Led by Design Director Soren Luckins and Wayfinding Director Finn Butler, Büro North's diverse team works across the disciplines of graphic design, industrial design and wayfinding.

With an unwavering commitment to quality, Büro North's design and strategy work in tandem in the creation of products, brands, identities, publications, signage, environmental graphics and wayfinding.

Büro North's approach is to discover the absolute potential of a project and to resolve their clients' design & communication issues with mature rigour and youthful creativity.

It is the diversity of background and specialisation within Büro North that facilitates their unique and engaging outcomes.
