Professional Experience and Curriculum Vitae

I am a Commercial Illustrator, Fine Artist, and Instructor. Always looking forward to meeting new clients, nurturing on-going professional relationships, taking on new commissions, and adventures in general. I graduated from the Sheridan College BAA Illustration Program. I enjoy the process of collaboration, communicating with clients and fellow team members, listening to and fulfilling their needs. I believe visual art is powerful enough to change anything from a person's perception of a brand to a person's perception of the world at large.

Previous Clientele

Freelance Illustration & Marketing, 2004 – Present
