## **Professional Experience and Curriculum Vitae**

My name is Diane, I am a tissue paper collage artist! Whimsical, unusual, colorful and playful are just a few of the qualities that I strive to include in my daily life and I want my art to reflect these qualities as well. I try to recreate images I see in nature and in my environment but with a slight twist of the unusual!

My list of clients will include private commissions, I will list their first names and initial of last name for their privacy. Linda H., Nikkie M, Linn M., Jerry A., Linda B., Amina W.,
