Professional Experience and Curriculum Vitae

My name is Mohamed Dawa, an Egyptian who is interested in many of the important graphic arts and designs.

My talent and love of drawing started at a young age, which included Arabic calligraphy. Over the years I have developed my skills and talent to keep abreast with changes within the design world.

Learning the appropriate programs to create professional designs, as well as studying different styles across many cultures, has given me credibility within the design world.

This has evolved into certain areas of specialization, namely :

Advertising . Branding . Photography . Interior Design . Digital Painting . Creative Director

Hiring the right creative team, teamwork and development of ideas under my leadership, is critical to the success of each project.

My dream is to enter the field of media and cinema in order to broaden my field of expertise.
