Professional Experience and Curriculum Vitae

Endowed with indepedent animal and vegetal lives, stripped with shooting stars, with bees and fireflies, set to music by cicadas and crickets, the site of dunun is a consistent world just like ours.

You will see (quite as at your window and at the same moments) the time changing its sound environment and its navigation landscape.

You could play dununs, djembes and balafo with its untiring percussion band.

After all, a lot of graphic creations realized on all types of medias are waiting for you.
