### **Professional Experience and Curriculum Vitae**

My name is Tata Mamaladze. I was born in Georgia in 1986. I have studied History of Art at the Tbilisi state University.

After graduating University I got interested in colours and the way they merge with each other.

Since many times I found out that I would have opportunity to discover creative accessories by myself using many kinds of materials including glass beads.

In 2013 I have moved to Germany. Living here has motivated me to create my own art, using many colours. So I'd like to show you my jewellery which I call my Hand Art.

Enjoy...
