Professional Experience and Curriculum Vitae

> Matthew Hebert has worked professionally as an architectural designer and as a furniture maker. Currently, he is proprietor of eleet warez designing and fabricating custom furniture pieces for commercial and residential environments and developing a production line of furniture while simultaneously creating one-off art furniture pieces. Having studied art and architecture in these days of rampant multi-disciplinary education he is not lacking in influences. He has worked in photography, video, sculpture and graphic design and in his spare time enjoys integrating Lego Mindstorms™ into a project. Matthew received a Bachelor of Arts in Architecture at University Of California, Berkeley. He received an MFA from California College of Arts and Crafts, with a focus on wood/furniture.

Previous Clientele

David Baker FAIA
Jose Vilar AIA
